DevOps Engineer III @ Herbalife Nutrition | Akamai SME, GCP, Azure, ITIL

Mexico

Summary

As a DevOps Engineer III at Herbalife Nutrition, I apply my passion for IT and new technologies to automate, optimize, and secure the company's web applications and infrastructure. I have over 8 years of experience in DevOps and backend development, I am a specialist in Akamai CDN (Complex RegExp Routing, Caching), Edge DNS, EdgeWorkers, EdgeKV, CPS Certs, Cloudlet Redirections and Cloudlet Rewrites, Security Configurations WAF, Custom Rules and Bot Manager, experience in Cloudflare with certifications in Guardicore, ITIL and Azure.

I have extensive knowledge and skills in Akamai, Barracuda, Splunk, Azure, and TFS, which I use to manage CDN, WAF, monitoring, alerting, scaling, load balancing, and CI/CD processes. I have also contributed to the development of a CRM system using C#, Entity Framework, SQL Server, and Exchange Web Services. I enjoy learning new tools and frameworks, and I am always looking for ways to improve the company's online presence's performance, reliability, and security.
